

Hacienda La Puente Unified School District Energy Efficiency Initiative

Helping HLPUSD build a brighter future.

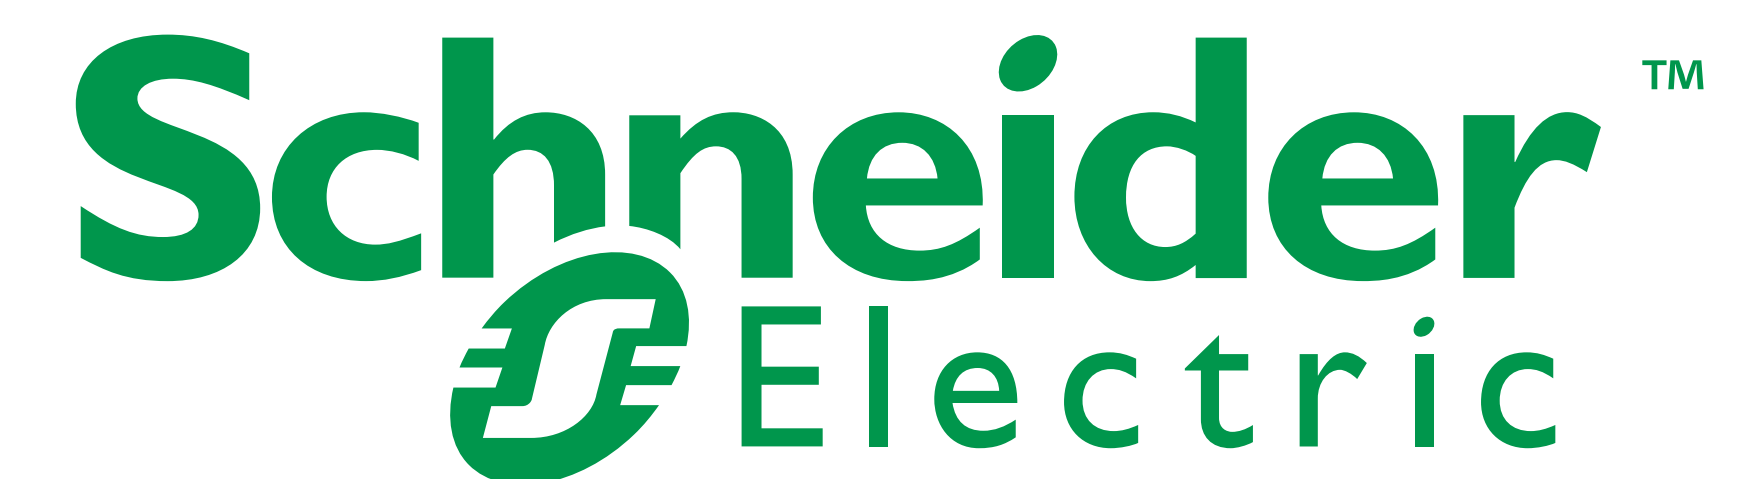

Hacienda La Puente USD and Schneider Electric™ have partnered to implement an energy savings project at Cedarlane Academy & Orange Grove Middle School, which will:

- > Generate over \$458,000 in guaranteed energy savings over 15 years
- > Reduce utility costs by 20%
- > Enhance classroom lighting levels
- > Educate students and the community about environmental conservation

Energy savings upgrades include:

- > Classroom lighting retrofits
- > Exit sign lighting retrofits
- > Exterior lighting retrofits
- > Electrical distribution upgrades at Orange Grove Middle School (*to be completed in the winter of 2013)

www.schneider-electric.com/us

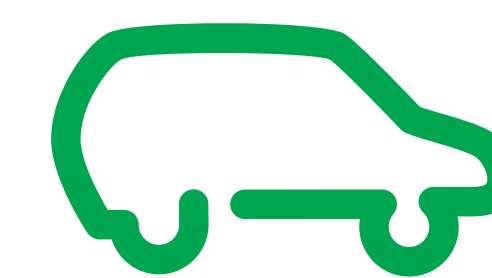

The environmental impact of the project is equivalent to:

removing **127 tons** of carbon dioxide from the atmosphere

— OR —

removing **27 cars** from the roads

— OR —

planting **5,065 acres** of trees
